

Federal Communications Commission

§ 101.21

control. Licensees who fail to consummate must modify their licenses to conform them to their initial state within 30 days of a failure to consummate.

§ 101.17 [Reserved]

§ 101.19 General application requirements.

(a) Each application for a license or for consent to assignment or transfer of control must:

(1) Disclose fully the real party (or parties) in interest, including (as required) a complete disclosure of the identity and relationship of those persons or entities directly or indirectly owning or controlling (or both) the applicant;

(2) Demonstrate the applicant's legal, technical, and other qualifications to be a licensee;

(3) Submit the information required by the Commission's rules, requests, and application forms;

(4) Be maintained by the applicant substantially accurate and complete in all significant respects in accordance with the provisions of § 1.65 of this chapter; and

(5) Show compliance with the special requirements applicable to each radio service and make all special showings that may be applicable (*e.g.*, those required by §§ 101.103(d), 101.701, and of this part, etc.).

(b) In addition to the general application requirements of §§ 101.19 and 101.21, applicants must submit any additional documents, exhibits, or signed written statements of fact:

(1) As may be required by the other parts of the Commission's rules, and the other subparts of this part (particularly subpart C and those subparts applicable to the specific radio service involved); and

(2) As the Commission, at any time after the filing of an application and during the term of any authorization, may require from any applicant, permittee, or licensee to enable it to determine whether a radio authorization should be granted, denied, or revoked.

(c) All applicants are required to indicate at the time their application is filed whether an authorization of the facilities is categorically excluded as

defined by § 1.1306 of this chapter. If answered affirmatively, an Environmental Assessment as described by § 1.1311 of this chapter, need not be filed with the application.

§ 101.21 Technical content of applications.

Applications must contain all technical information required by the application form and any additional information necessary to fully describe the proposed facilities and to demonstrate compliance with all technical requirements of the rules governing the radio service involved (see subparts C, F, G, I, and J, as appropriate). The following paragraphs describe a number of technical requirements.

(a) Each application proposing a new or modified antenna structure for a station (including a receive-only or passive repeater) must indicate whether the owner has registered the structure with the Commission. Complete information as to rules concerning the registration, construction, marking and lighting of antenna structures is contained in part 17 of this chapter. See also § 101.121 if the structure is used by more than one station.

(b) Each application for construction permit for a developmental authorization must be accompanied by pertinent supplemental information as required by § 101.411 in addition to such information as may be specifically required by this section.

(c) An applicant proposing construction of one or more new stations or modification of existing stations must submit the location and telephone number (if known) of the maintenance center for a fixed microwave system. In lieu of providing the location and telephone number of the maintenance center(s) on a case by case basis, a licensee may file a complete list for all operational stations with the Commission and the Engineer-In-Charge of the appropriate radio district on an annual basis or at more frequent intervals as necessary to keep the information current.

(d) Each application in the Private Operational Fixed Point-to-Point Microwave, Common Carrier Fixed
